“Having been a recipient of a Delta Dental Foundation grant in 2016, we began using the BRUSH curriculum for Oral Health Education and awareness. With yet another generous grant from Delta Dental Foundation, we will engage families in conversations that address oral health and develop strategies to effectively fight tooth decay.”

- Sheana Behringer, Northwestern Ohio Community Action Commission

“[Brush has taught me] how to get children to discuss dental related topics promoting healthy teeth and reducing tooth decay cases.”

- Zeinab Mcheik, Urban League of Detroit & Southeastern Michigan

“[Brush has taught me] the importance of primary teeth, speech development, and potential decay into the permanent teeth. It is nice to have a boost of confidence in information I was already providing to clients. The handouts and kits will be nice to use for hands-on info with the clients.”

- Robin Kangas, LMAS - Schoolcraft Co

“Jessica gave an excellent presentation! She was fun, interesting and informative. She shared personal experiences as well as professional ones.”

- Michelle Pitkin, ACCAA Head Start

600 Jim Kelley Blvd.
Fort Wayne, IN 46816
(260) 456-4511 (888) 240-7268

Brush Themes

Brush seeks to change the oral health status of children with curricula and resources for parents, children, and early learning environments. *Brush* has a weekly curriculum which focuses on five themes:

- Theme 1:** Brushing at least twice a day
- Theme 2:** Visiting the dentist regularly
- Theme 3:** The importance of good nutrition and understanding which foods help our teeth and which foods hurt our teeth
- Theme 4:** The importance of primary teeth (in speech, chewing healthy foods, in protecting the adult teeth)
- Theme 5:** How oral health relates to school readiness and school success
